## ABOUT THE VILLAGE OF ANDREW

The Village of Andrew is located in the west of the Alberta HUB region, and close to the eastern edge of the Alberta Industrial Heartland. The Alberta HUB is a partnership of communities, post-secondary educational institutions and business/industry in northeastern Alberta meant to promote the quality of life and economic opportunities of the region. If a friendly and affordable community appeals to you, come to Andrew. Located in the northeast corner of Lamont County, you will be greeted to our Village by the world's largest Mallard. Erected in 1992, the duck has a 25 foot wing span and weighs 5,000 pounds. It is posed in flight symbolizing the migration path over Andrew to Whitford Lake, a bird Sanctuary. Andrew residents enjoy a quiet and safe country setting with many amenities available to them. We are a busy community with local events all the time. Our claim to fame is Ed Stelmach Avenue - our tribute to former Premier Ed Stelmach, Alberta's 13th Premier and one of our very own.

The Village of Andrew is a member of the Northeast Alberta Information HUB, which is the regional economic development alliance of Northeast Alberta.

## Living in The Village of Andrew

### Healthcare

Andrew is nearly equidistant from three area hospitals – Lamont, one of the top ranked small hospitals in Canada, and Two Hills and Vegreville, which offer more extensive diagnostic and treatment options. Other health care amenities in Andrew include:

- Seniors' continuing care facility,
- Weekly doctor's office visits,
- Lab collections every second Friday morning,
